

To Whom It May Concern:

After serving since 2009 on the Senior Board, I am now submitting my resignation from this Board effective January 2016, the end of my present term. This program is an exciting and growing program under the direction of Dawn Allspach-Kline, as well as a much needed one in Knoxville and Marion County. I would like to remain somewhat active in this program as a volunteer if at some future time there is a special committee slot that needs to be filled.

I extend the best to all involved as you move forward with exciting plans for expansion and the future.

Sincerely,
Maxine Prichard
