When a permit has been issued for plumbing work, the construction of such plumbing shall be under the supervision of the Building Inspector at all times until its completion, and said Building Inspector may revoke said permit at any time when such work is not being done in accordance with this Chapter; and it shall be unlawful for any person to proceed further with said work without the written consent of the Building Inspector.

When a permit has been issued for specified plumbing work, no additional work shall be put in or additional fixtures set, without the approval of the Building Inspector, and a new permit shall be taken out for all such additional work or fixtures.
